INDEX TO VOLUME 18

Subject Index

Abortion
"Illegal" Abortions, R. J. Cook, Letter, p. 27.

Induced Abortion Among Unmarried Women in Shanghai, China, see **Asia**.

Septic Abortion in Nigeria, see **Africa**.

Africa
Africa's Many Faces of Marriage, Update, p. 122.

African Children Far From Home, Update, p. 43.

Birth Control Knowledge High, But Practice Varies in Developing Countries, see **Contraceptive Practice**.

Chlamydia Plays a Major Role in Tubal Infections Leading to Ectopic Pregnancy in Gabonese Women, see **Sexually Transmitted Diseases**.

Contraceptive Sponge Fails to Prevent Heterosexual Transmission of HIV Among Prostitutes in Kenya, Digest, p. 152.

Contraceptive Use Among Postpartum Women: Recent Patterns and Programmatic Implications, see **Contraceptive Practice**.

Contraceptive Use and Commodity Costs in Developing Countries, 1990–2000, see **Contraceptive Practice**.

Early Discontinuation of Contraceptive Use in Niger and The Gambia, N. Cotten, J. Stanback, H. Maidouka, J. T. Taylor-Thomas and T. Turk, p. 145.

Family Planning Program Effort Has Increased During the 1980s, with East Asia Ranked Highest, see **Programs: Evaluation and Funding**.

Fees Reduce STD Care in Kenya, Update, p. 122.

Fertility Transition: An Update, see **Fertility: Planning and Effects**.

Forming Reproductive Unions in Urban Zimbabwe, J. R. Udry, N. Dole and K. Gleiter, p. 10.

Gambian Religious Leaders Teach About Islam and Family Planning, Field Briefings, p. 150.

Ghanaian Midwives Have New Family Planning Role, Field Briefings, p. 71.

Greatest Unmet Need for Contraceptives Seen in Sub-Saharan Africa, Digest, p. 32.

High Maternal Mortality Rate in Conakry, Guinea, Is Linked to Inadequate Care, Digest, p. 79.

Malnutrition and AIDS in Africa, see **Sexually Transmitted Diseases**.

Marriages, First Births Occur Early in Nigeria; High TFR Appears Firm, Digest, p. 154.

Proximity to Contraceptive Services and Fertility Transition in Rural Kenya, C. R. Hammerslough, p. 54.

Reaching Zimbabwe's Men, Update, p. 2.

Rural Ugandan Women's HIV Infection Rates Seem Related to Trade Routes, Digest, p. 79.

Septic Abortion in Nigeria, Update, p. 42.

Sexual Behavior and Contraceptive Use Among 15–24-Year-Olds in Uganda, W. K. A. Agyei and E. J. Epema, p. 13.

Sexual Behavior, Reproductive Knowledge and Contraceptive Use Among Young Urban Nigerians, P. Makinwa-Adebusoye, p. 66.

Socioeconomic Differentials in Contraceptive Use and Desire for More Children in Greater Freetown, Sierra Leone, R. Amin, J. Chowdhury and R. B. Hill, p. 24.

Asia
Birth Control Knowledge High, But Practice Varies in Developing Countries, see **Contraceptive Practice**.

Can Family Planning Succeed in Pakistan? A. R. Rukanuddin and K. Hardee-Cleaveland, Comment, p. 109.

Child Deaths Lead to Births, Update, p. 81.

Contraceptive Use Among Postpartum Women: Recent Patterns and Programmatic Implications, see **Contraceptive Practice**.

Contraceptive Use and Commodity Costs in Developing Countries, 1990–2000, see **Contraceptive Practice**.

Creation of Family Planning Service Stations in China, The, J. Kaufman, Z. Zhirong, Q. Xinjian and Z. Yang, p. 18.

Family Planning in Bangladesh: An Unlikely Success Story, A. Larson and S. N. Mitra, p. 123.

Family Planning Program Effort Has Increased During the 1980s, with East Asia Ranked Highest, see **Programs: Evaluation and Funding**.

Female Fieldworkers Bring Family Planning to Ahmedabad Slums, Field Briefings, p. 151.

Fertility Transition: An Update, see **Fertility: Planning and Effects**.

Implant Is Liked in Singapore, Update, p. 42.

In Vietnam, Contraceptive Awareness High, Use Low, Despite Two-Child Policy, Digest, p. 117.

India, China Programs Critiqued, Update, see **Programs: Evaluation and Funding**.

Indonesia's Fertility Decline, Update, p. 2.

Induced Abortion Among Unmarried Women in Shanghai, China, Z. C. Wu, E. S. Gao, X. Y Ku, S. Y. Lu, M. J. Wang, W. C. Hong and L. P. Chow, p. 51.

Iran's Population Growth Rate Increases by About 40% After Abandonment of Fertility Control Policy in 1979, Digest, p. 116.

Javanese Women Given Preferred Method More Likely to Continue Use, Digest, p. 74.

Midwives Cut Maternal Deaths, Update, p. 2.

Musical Message Reaches Youth in the Philippines, Field Briefings, p. 29.

Progression to Second and Third Births in China: Patterns and Covariates in Six Provinces, M. K. Choe, G. Fei, W. Jianming and Z. Ruyue, p. 130.

Sterilization Regret in Thailand, Update, p. 2.

The Pill: Japan Says No, Update, p. 42.

What Fueled China's Birth Rise? Update, p. 3.

Vietnam: Contraceptive Use Related to Provincial Infant Mortality Levels, Digest, p. 157.

Barrier Methods
Are Condom Tests Good Enough? see **Contraceptive Research**.

Condoms Block Most HIV, see **Sexually Transmitted Diseases**.

Contraceptive Sponge Fails to Prevent Heterosexual Transmission of HIV Among Prostitutes in Kenya, see **Africa**.

Breastfeeding
HIV-Breastfeeding Link, The, see **Sexually Transmitted Diseases**.

Human Immunodeficiency Virus May Be Transmitted from Mothers to Their Infants Through Breastfeeding, see **Sexually Transmitted Diseases**.

Injectable No Bar to Breastfeeding, see **Hormonal Implants and Injectables**.

Lactation as a Contraceptive, Update, p. 82.

Contraceptive Practice
Birth Control Knowledge High, But Practice Varies in Developing Countries, Digest, p. 36.

Colombian Fertility Rates Are Among the Lowest in Latin American Region, see **Latin America and the Caribbean**.

Contraceptive Prevalence in Haiti Remains Low; Use of Modern Methods Rises, see **Latin America and the Caribbean**.

Contraceptive Prevalence Rates Low in Guatemala; Use Is Much More Likely Among Working Women, see **Latin America and the Caribbean**.

Contraceptive Use Among Postpartum Women: Recent Patterns and Programmatic Implications, S. Thapa, S. Kumar, J. Cushing and K. Kennedy, p. 83.

Contraceptive Use and Commodity Costs in Developing Countries, 1990–2000, W. P. Mauldin and J. A. Ross, p. 4.

Early Discontinuation of Contraceptive Use in Niger and The Gambia, see **Africa**.

Exploring Sociocultural Barriers to Family Planning Among Mayans in Guatemala, see **Latin America and the Caribbean**.

Ghanaian Midwives Have New Family Planning Role, see Africa.

Greatest Unmet Need for Contraceptives Seen in Sub-Saharan Africa, see **Africa**.

High Levels of Premarital Sex and Low Method Use Increase Unintended Pregnancy Among Chile's Young, see **Latin America and the Caribbean**.

In Vietnam, Contraceptive Awareness High, Use Low, Despite Two-Child Policy, see Asia.

Javanese Women Given Preferred Method More Likely to Continue Use, see **Asia**.

Marriages, First Births Occur Early in Nigeria; High TFR Appears Firm, see **Africa**.

Mexican Women's Method Use, see **Latin America and the Caribbean**.

Sexual Behavior and Contraceptive Use Among 15–24-Year-Olds in Uganda, see **Africa**.

Sexual Behavior, Reproductive Knowledge and Contraceptive Use Among Young Urban Nigerians, see **Africa**.

Socioeconomic Differentials in Contraceptive Use and Desire for More Children in Greater Freetown, Sierra Leone, see **Africa**.

Vietnam: Contraceptive Use Related to Provincial Infant Mortality Levels, see **Asia**.

Contraceptive Research

Are Condom Tests Good Enough? Update, p. 82.

Chemical Sterilization Revisited, Update, p. 3.

Combined Injectable Is on Its Way, Update, p. 43.

Invasive Cervical Cancer Risk No Greater for DMPA Users Than for Nonusers, see **Hormonal Implants and Injections**.

Long-Term Injectable Use Does Not Increase Risk of Breast Cancer, But It May Lower Bone Density, see **Hormonal Implants and Injections**.

New Implant Shows Promise, see **Hormonal Implants and Injections**.

Ring, Monthly Injectable Produce Less Menstrual Disruption than DMPA, see **Hormonal Implants and Injections**.

Scrotal Sling a New Approach, Update, p. 122.

Fertility: Planning and Effects

Colombian Fertility Rates Are Among the Lowest in Latin American Region, see **Latin America and the Caribbean**.

Do Reproductive Intentions Matter? J. Bongaarts, p. 102.

Family Planning in Bangladesh: An Unlikely Success Story, see **Asia**.

Fertility Decline Slowed in 1980s, Update, p. 121.

Fertility Transition: An Update, R. Freedman and A. K. Blanc, p. 44.

Indonesia's Fertility Decline, see **Asia**.

Iran's Population Growth Rate Increases by About 40% After Abandonment of Fertility Control Policy in 1979, see **Asia**.

Marriages, First Births Occur Early in Nigeria; High TFR Appears Firm, see **Africa**.

Proximity to Contraceptive Services and Fertility Transition in Rural Kenya, see **Africa**.

Sex Preference and Its Demographic and Health Implications, see **Status of Women**.

What Fueled China's Birth Rise? see **Asia**.

What Is the World Coming to? see **Population: Policy and Research**.

Hormonal Implants and Injections

Combined Injectable Is on Its Way, see **Contraceptive Research**.

Implant Is Liked in Singapore, see **Asia**.

Implants, IUDs and Future Births, Update, p. 81.

Invasive Cervical Cancer Risk No Greater for DMPA Users Than for Nonusers, Digest, p. 156.

Injectable No Bar to Breastfeeding, p. 82.

Long-Term Injectable Use Does Not Increase Risk of Breast Cancer, But It May Lower Bone Density, Digest, p. 31.

Mexico Approves Implant, see **Latin America and the Caribbean**.

New Implant Shows Promise, Update, p. 121.

Ring, Monthly Injectable Produce Less Menstrual Disruption than DMPA, Digest, p. 75.

Intrauterine Devices

IUD Tail Unrelated to PID, Update, p. 3.

Implants, IUDs and Future Births, see **Hormonal Implants and Injections**.

PID Risk for IUD Users Highest in First 20 Days After Insertion, Risk Then Falls Sharply and Remains Low, see **Sexually Transmitted Diseases**.

Latin America and the Caribbean

Birth Control Knowledge High, But Practice Varies in Developing Countries, see **Contraceptive Practice**.

Bisexuals and HIV Risk in Mexico, see **Sexually Transmitted Diseases**.

Bringing Family Planning to Isolated Ecuadorians, Field Briefings, p. 28.

Colombian Fertility Rates Are Among the Lowest in Latin American Region, Digest, p. 38.

Contraceptive Prevalence in Haiti Remains Low; Use of Modern Methods Rises, Digest, p. 34.

Contraceptive Prevalence Rates Low in Guatemala; Use Is Much More Likely Among Working Women, Digest, p. 77.

Contraceptive Use Among Postpartum Women: Recent Patterns and Programmatic Implications, see **Contraceptive Practice**.

Contraceptive Use and Commodity Costs in Developing Countries, 1990–2000, see **Contraceptive Practice**.

Exploring Sociocultural Barriers to Family Planning Among Mayans in Guatemala, V. M. Ward, J. T. Bertrand and F. Puac, p. 59.

Family Planning Program Effort Has Increased During the 1980s, with East Asia Ranked Highest, see **Programs: Evaluation and Funding**.

Fertility Transition: An Update, see **Fertility: Planning and Effects**.

High Levels of Premarital Sex and Low Method Use Increase Unintended Pregnancy Among Chile's Young, Digest, p. 153.

Mexican Women's Method Use, Update, p. 42.

Mexico Approves Implant, Update, p. 3.

No-Scalpel Vasectomy in Mexico, Update, p. 2.

Social Marketing's Mixed Impact, see **Programs: Evaluation and Funding**.

Maternal and Child Health

Child Deaths Lead to Births, see **Asia**.

Colombian Fertility Rates Are Among the Lowest in Latin American Region, see **Latin America and the Caribbean**.

Contraceptive Prevalence in Haiti Remains Low; Use of Modern Methods Rises, see **Latin America and the Caribbean**.

Dangers of Closely Spaced Births, Update, p. 82.

High Maternal Mortality Rate in Conakry, Guinea, Is Linked to Inadequate Care, see **Africa**.

Human Immunodeficiency Virus May Be Transmitted From Mothers to Their Infants Through Breastfeeding, see **Sexually Transmitted Diseases**.

Midwives Cut Maternal Deaths, see **Asia**.

Sex Preference and Its Demographic and Health Implications, see **Status of Women**.

Vietnam: Contraceptive Use Related to Provincial Infant Mortality Levels, see **Asia**.

Population: Policy and Research

AID Tries a "BIG" New Strategy, Update, p. 43.

What Is the World Coming to? Update, p. 43.

Programs: Evaluation and Funding

Can Family Planning Succeed in Pakistan? see **Asia**.

Contraceptive Use and Commodity Costs in Developing Countries, 1990–2000, see **Contraceptive Practice**.
